

How to set up your sponsorship page

Once you have signed up to the event in question you will receive an email which contains two links.

The first link called *Go to my sponsorship page* allows you to view your sponsorship page and see the link to share with family and friend so you can start raising funds.

The second link *Customise sponsorship page* allows you to customise the details displayed on this page, such as updating details of what your fundraising is in aid of, your story, your fundraising target and the option to upload a photo to display on your page.

The image shows a screenshot of an email notification. At the top, the logos for 'race>nation' and 'sports giving' are displayed. The main content of the email is enclosed in a white box with a light grey border. It starts with the heading 'Your sponsorship page is now live!' followed by a personal greeting 'Hi Joe,'. The main message states: 'Your fundraising page for *The Ultimate Ultra Marathon* is now ready, so get sharing and raise money for Race Nation Foundation!'. Below this is a purple button with the text 'Go to my sponsorship page >'. A red arrow points from the right edge of the image to this button. The text continues: 'You can send this link to your friends, post it on Facebook or Twitter and share it however you want. We'll send you a quick email every time someone sponsors you so you can keep track of how much you've raised!'. The next section is titled 'Customise your sponsorship page' and says: 'You can add a fundraising target, a photo, and some information about yourself on your sponsorship page.' Below this is a blue button with the text 'Customise sponsorship page >'. A second red arrow points from the right edge of the image to this button. At the bottom of the email content, there is a dark blue button that says 'Contact our Support Team >'. Below the buttons are icons for Facebook and Twitter. At the very bottom of the page, there is a small copyright notice: 'Copyright © 2018 Race Nation Ltd. All rights reserved.'
